

4 December 1962

MEMORANDUM FOR: Executive Secretary, COMOR  
SUBJECT : Taiwan Straits Coverage

At the morning meeting today Jack Smith of OCI reported on some intelligence indicating unusual activity in the Taiwan Straits area. Mr. McCone requested that COMOR look into this and evaluate whether the priority for obtaining photographic coverage of this area might not be increased so that the flight could go even in advance of the North Korea mission. Could you follow through on this?

HERBERT SCOVILLE, JR.  
Deputy Director
